Guyana Energy Leadership Institute

GELI

Guyana's economy is changing fast, and we're the first to measure it

The first virtual think tank dedicated to analyzing and promoting Guyana's economic development and extraction sector.

01 WHAT WE DO

Data, analysis and expertise in one place

Original data

The **GELI Economic Development Index**, the only monthly score of Guyana's economy.

Independent analysis

Papers, interviews and podcasts on oil, sovereign wealth and policy.

Proven backing

Operated by **Wikistrat**, the world's first crowdsourced consultancy, advising governments and global firms since 2009.

02 PARTNERSHIP

Explore partnership options →

Three ways GELI works for your business

Put your company's name on the research investors and officials already read.

Networking

A place at GELI events, panels and podcasts alongside industry, investors and public-sector leaders.

Policy Options Analysis

Independent analysis of the options behind your key decisions, with costs and risks set out.

Marketing

Co-branded research and media placement that show your contribution to Guyana.
